# AUDITION INFORMATION

## CATS 2010

You can get the audition CD by going to the Workshops. It is included in the price of the Workshops. If you do not go to a workshop, you may request the audition CD to be mailed to you.

We will be compiling the list of CD orders after the Workshops.

To have them mailed, you must mail us 8.00, and a self addressed envelope. The 8.00 includes return shipping back to you. We will mail them on May 9th, and you should receive them by the 11th or 12th. CD's will also be available at the auditions for walk ins for a fee of 5.00 each. So if you would like to prepare for the vocal audition at the best of your ability, (giving your vocal coach time to work with you) you should come to the Workshops, hear the explanation of how auditions will work, receive help on the songs, get the songs ahead of everyone else, hear the competition, meet the staff, and have a great time.

**Vocal auditions** - Only come to one of the two days, and you may leave once you have sung for us.

Tues. May 25th, and Wed. May 26th, will be vocal ONLY auditions.

The vocal auditions will be run on a first come first served basis.

Both days will start at 6pm and continue until 9pm, at 5 minute intervals.

You may only sing things from the audition CD. Please pay close attention to the songs from the CD that we would like you NOT to sing for your audition, but are on the CD for the call backs. We will have a CD in the audition room, so please do not bring one in with you, just tell us the track number you will audition with. (You must use the version with NO WORDS). This will all be discussed at the Vocal Workshops.

Vocal call backs are on Tues. June 1st. from 5pm - 9pm. This will be done in groups all at the same time. Plan to be there the entire time. We will try and let people go early if they are not needed. Be prepared to sing anything from the audition CD at the call backs.

Those people wishing to play non-dancing roles (Griz, Deut, Macavity, Rumpus) do not need to come to the dance auditions unless you choose to accept roles that require dancing.

**Dance Auditions** - There are several roles for NON singing solid dancers.

Thursday May 27th, will be dancing ONLY auditions.

The Dance auditions will be run as a full group.

We will start at 5pm and go as long as it takes to get down to the final few dancers that can keep up with the choreography. We hope this will be done by 9pm at the latest. There will be a few routines to learn at the auditions, including tap. You will perform them in small groups and be ranked. We will be ranking people in order of skills and choosing those we will be calling back as we go through the night. Performers that are not strong in dance, will make it through the first routine if you really apply yourself. As the routines go on, they get harder and harder. You will be allowed to step out of the routines as they pass up your skill level. **SOME OF THE ROUTINES FOR THE AUDITION WILL BE TAUGHT AT THE WORKSHOPS.**

Dance call backs are on Wed. June 2nd from 5-9pm. This will be done in groups, small groups and solo work. Plan to be there the entire time. We will try and let people go early if they are not needed.

**Please remember that we are picking 2 age groups as we go through this process. It is very possible that some performers may end up in both casts.**
